1.

```
describe "GET #contact" do
  it "returns http success" do
    get :contact
    expect(response).to have_http_status(:success)
  end
end
end
```

2.

```
ceci@debian12: ~/Proyectos_RoR/App_RoR$ rspec spec/controllers/static_pages_controller_spec.rb
...F

Failures:

  1) StaticPagesController GET #contact returns http success
     Failure/Error: get :contact

     ActionController::UrlGenerationError:
       No route matches {:action=>"contact", :controller=>"static_pages"}
     # ./spec/controllers/static_pages_controller_spec.rb:28:in `block (3 levels) in <top (required)>'

Finished in 0.09658 seconds (files took 1.96 seconds to load)
4 examples, 1 failure

Failed examples:

rspec ./spec/controllers/static_pages_controller_spec.rb:27 # StaticPagesController GET #contact returns http success

ceci@debian12: ~/Proyectos_RoR/App_RoR$
```

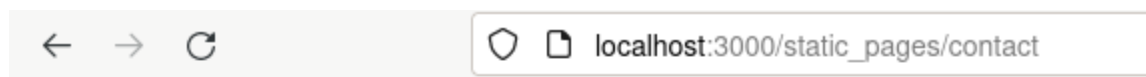

3.

```
ceci@debian12: ~/Proyectos_RoR/App_RoR$ rspec spec/controllers/static_pages_controller_spec.rb
....

Finished in 0.09656 seconds (files took 2.08 seconds to load)
4 examples, 0 failures

ceci@debian12: ~/Proyectos_RoR/App_RoR$
```
